GRAB
Ah!!! Give it back, let me obsessively stalk the ratings
and comment sections of Nightmare Factory!
Alright, feral child, listen first.

You might like red velvet cupcakes

But some people find them distasteful

Your comic is a red velvet cupcake, some will enjoy it, some tosses it straight to the trash can

You shouldn't let their opinions influence your creative process

or

judge your artistic worth solely upon these ratings.

Actually, right now, the readers find you cute as fu and bae material

THEY DO? Where?

Ohohoh, guuuys stahhhp~

Kreyul is bae!

TEAM CRAYON!

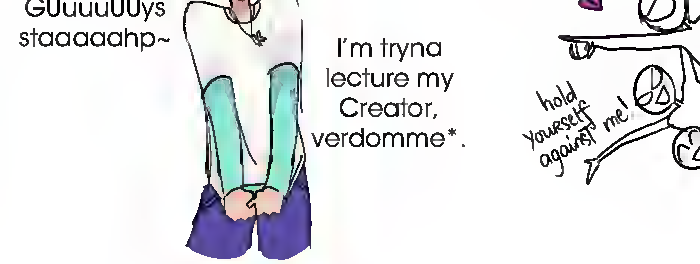
The hypocrisy...

Anyways

point is, no matter what happens, negative or positive feed backs

Take everything with a grain of salt.

KREYUUUUL YO FACE! WE LIKE THAT SHIET!



*dammit

Thank you all for being such devoted Anglers, skipping sleep, jumping right on the upload notifications and leaving words of encouragements
(Well, more like sexual harrassments toward Kreyul lol)

I might stumble upon negative feedbacks here and there but at the end of the day, your words are all that matter. I sincerely thank you for tolerating my shiet for 100 episodes.
